Dear Senate,

As stated in the Undergraduate Constitution of the University of Notre Dame, the President of The Shirt Project shall be nominated by the Financial Management Board before May 1st of each year and approved by the Senate. At this time, I am pleased to extend my full recommendation to Emma Brainard for the position.

As stated by the 2023-2024, President of the Shirt Project, Ryan Bland,

I, Ryan Bland, would like to nominate Emma Brainard for the position of President of The Shirt Project. Having closely worked with Emma when she served as a Graphic Designer on The Shirt Committee during her sophomore year, I can attest to her exceptional leadership skills, unwavering dedication, and ability to collaborate with others. Her creative vision and attention to detail significantly contributed to the success of The Shirt Project. Emma's involvement with the Student Union Board further demonstrates her experience working with student organizations and her commitment to these projects. What truly sets Emma apart is her warm personality and unparalleled work ethic. She approaches every task with enthusiasm and sincerity, fostering a positive and inclusive atmosphere within the team. I have no doubt that Emma possesses the qualities necessary to excel as President of The Shirt Project. Her proven leadership, passion for the cause, and ability to unite others make her an ideal candidate for the role, and I am so excited to see what The Shirt will become under her leadership.

I extend my recommendation to Emma without reservation. Therefore, I recommend that the Senate approves her nomination as a result of her continued dedication to The Shirt as well as her extensive qualifications.

Respectfully Submitted,
