  - A. In the email I sent out, you should have seen the Campus Inclusion Survey and the report from the Office of Student Affairs. I would encourage you to read it and discuss it with your friends, dorm, or rector. The results stem from the dorm communities themselves, so that is going to be a future topic at a Senate meeting. We're going to get a representative from the Office of Student Affairs to actively discuss that issue. It shows us the current culture of our campus in terms of race, religion, politics, mental health, and the other issues on our campus. Please be aware of those.
  - B. We have Race Relations Week coming up this week, as well as Asian Allure, for which Gates and I will be modeling, so definitely get your tickets from Alyssa for that. Please pick up a poster from the Student Gov office.
  - C. Midterm elections are next week. If you haven't voted or requested your absentee ballots, please come see me and I am more than happy to help you. Encourage people in your dorm to vote as well.
- V. General Orders
- VI. New Business
