### A RESOLUTION RECOGNIZING NO-SHAVE NOVEMBER

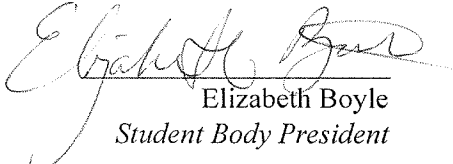

*Whereas*, No-Shave November is a month-long journey during which participants forgo shaving and grooming in order to evoke conversation and raise cancer awareness.

*Whereas*, the goal of No-Shave November is to grow awareness by embracing our hair, which many cancer patients lose, and letting it grow wild and free.

*Whereas*, members of the University community may participate by growing a beard, cultivating a mustache, letting those legs go natural, and skipping that waxing appointment...amongst other ways.

*Whereas*, participation is by no means obligatory, but the recognition of the program offers important recognition of our community's allyship with cancer patients and their families.

***Resolved*, that the Student Senate officially recognizes No-Shave November and encourages all people at the University to enjoy a November free from the razor's evil terror.**
