KRISTEN LOEHLE, DIRECTOR OF DEPARTMENT OF GENDER ISSUES  
JACK MCKEON, DIRECTOR OF DEPARTMENT OF CONSTITUENT SERVICES

**RESOLUTION ADDRESSING THE REVISION OF THE SAFEWALK PROGRAM**

*Whereas*, the safety of students is of paramount concern to the University of Notre Dame;

*Whereas*, the issue of student safety is particularly relevant during the nighttime hours and on the weekend;

*Whereas*, the SafeWalk Program represents the largest visible resource for students to access safe and secure support during these hours;

*Whereas*, the SafeWalk Program is currently underutilized by a large number of students;

*Whereas*, the Notre Dame Security Police, NDSP, and the University of Notre Dame's Student Government share a common goal of increasing the safety and security of all members of the University;

*Whereas*, the addition of reliable and expedient means of transportation to the SafeWalk Program would address many students' concerns and/or negative perceptions of this resource;

*Therefore, be it resolved* that Student Government would like to work with the Notre Dame Security Police to revitalize the current SafeWalk Program in an effort to institutionalize safe, efficient, and expedient transportation during the evening hours.
