

Resolution SS0910-11**January 27, 2010**COMMITTEE ON CAMPUS TECHNOLOGY
WALKER ANDERSON, CHAIR**A RESOLUTION PROPOSING THE INSTALLATION OF A COLOR PRINTER IN
THE LAFORTUNE COMPUTER CLUSTER**

Whereas, The Office of Information Technologies' (OIT) Mission is to "provide a robust and highly reliable technology infrastructure that supports the University of Notre Dame's teaching, research, community service, and administrative activities;"

Whereas, Sufficient printing solutions in prominent locations on campus are key to providing a robust technology infrastructure for the University;

Whereas, The LaFortune Computer Cluster is a high traffic location for student computer and printer access, and the current plans for the cluster renovations do not include the addition of a color printer;

Whereas, There are currently only two color printers intended for use by the student population in the decentralized locations of DeBartolo Hall and the Hesburgh Library; and

Whereas, The student body has demonstrated a need for a color printing solution, in addition to the current black and white printing solution, for the LaFortune Computer Cluster; therefore, be it

Resolved, That the Student Senate requests that the OIT install a color printing solution in the LaFortune Computer Cluster.
