

Resolution Regarding Alcohol Awareness for Study Abroad Students

REALIZING the benefits for increased alcohol awareness among the large percentage of students studying abroad;

COGNIZANT that most students who study abroad are of legal age to consume alcohol in the countries hosting their study programs;

RECOGNIZING that the Office of Alcohol and Drug Education is highly qualified to provide effective alcohol awareness education for students planning on studying abroad;

THEREFORE, BE IT RESOLVED that the Student Union Senate supports the educational efforts of the Office of Drug and Alcohol Education and calls upon the Office of International Study Programs to incorporate alcohol awareness programming into the orientation program for students who plan to study abroad.
