**Amendment Regarding Off-Campus Senator**

Section II, # 8 of the Election Bylaws currently states:

“The off-campus Senator must reside off-campus during the entire term of office. Having a University-provided, on-campus residence disqualifies a person from this office.”

Change this to read:

“The off-campus Senator may reside on-campus at the time of his or her election but must reside off-campus by the start of the next semester following the election as well as for the remainder of the term. Having a University-provided, on-campus residence after the start of the next semester following the election disqualifies a person from this office.”
