

Resolution Regarding Stepan Center

Whereas, Stepan Center is a horrendous eyesore on the University of Notre Dame campus

Whereas, it is a poor replica of Disney World's Epcot Center ,

Whereas, after performing in Stepan, countless performers have refused to come back to this cheap Disney replica,

Keeping In Mind the self-esteem and feelings of the creators of Walt Disney World and Epcot Center,

Noting With Grave Concern that someone may be injured by the foam which is falling from the Stepan Center ceiling,

Therefore Be It Resolved that Stepan Center be destroyed and replaced by a state of the art performing center that would attract well-known performers to campus.
