

Resolution Regarding Sexual Assault Media

WHEREAS currently students are not well-acquainted with the suggested procedures to follow in the event that sexual assault affects them personally or someone that they know;

WHEREAS the current pamphlet that the University publishes regarding sexual assault is lengthy and does not include precise, step-by-step advice;

WHEREAS the Student Senate has outlined these suggested procedures in an easy-to-follow, one-page document, through conferences with representatives from Sexual Offense Services (S.O.S.) and Dean Ava Preacher, the designated Victim's Resource Person;

THEREFORE BE IT RESOLVED that the Office of Student Affairs considers clearly and permanently posting these suggested steps in all University Residence Halls.

THEREFORE BE IT FURTHER RESOLVED that the Office of Student Affairs considers posting these documents in the bathrooms of the Residence Halls, where they would be easily accessible yet also provide some degree of privacy, of utmost importance to victims of sexual assault.
