

Resolution SS1213-04

April 4, 2012

OFFICE OF THE STUDENT BODY PRESIDENT  
BRETT ROCHELEAU, STUDENT BODY PRESIDENT**A RESOLUTION ADVOCATING FOR THE IMPLEMENTATION OF  
HYDRATION STATIONS THROUGHOUT CAMPUS**

Whereas, Hydration Stations provide a sustainable water source with a filter and a coolant to provide optimal water consumption;

Whereas, Water from the water fountains in the residence halls and academic buildings have an iron-like taste;

Whereas, Notre Dame students prefer the taste of bottled water to the water from drinking fountains;

Whereas, Water from Hydration Stations tastes like bottled water;

Whereas, Hydration Stations significantly decrease the amount of water bottles used on campus by 100,000 bottles per unit per year;

Whereas, The University of Notre Dame has committed to becoming a more sustainable university; and

Whereas, Hydration Stations have already been implemented in Carroll, Keenan, Stanford, Walsh, Zahm, and Main Building with great success; now, therefore, be it

*Resolved*, That the University of Notre Dame implement Hydration Stations in the remaining residence halls and academic buildings so all students can enjoy clean, fresh-tasting water and the University can continue fulfilling its sustainability goals.
