D. General Items

1. [View Department Assignments!](#)

- a) Adizan Reznar: You have all been placed and emailed. I did my absolute best to put you in one of your top 3 departments. For some it was not possible. Department directors should be reaching out to you soon so you can meet all of the other members. You will need to go to one department meeting by the end of the semester. I am hoping you will be very involved in projects you are passionate about. They have your names and will be adding you to the list and Executive Cabinet Slack so you can get all the information. This is another way to make real change in addition to resolutions and orders. Also, the directors are expecting work from you in areas you are passionate about.
- 2. Email agenda items to arezner@nd.edu, gmcandre@nd.edu, and mduyle10@nd.edu
- 3. Proxy Form Available [here](#)
 - a) Even if you can't be here, sending a proxy still gives you a vote.
Fill out the form.

VI. General Orders

A. [SO 2324-03: An Order to Suspend Off-Campus Council Elections](#)

1. Hunter Brook motions to move SS 2324-03 from New Business to General Orders.
 2. The motion is approved.
 3. Questioning
 - a) Aidan Rezner: This seems obvious to me because only one party is running. So, it makes sense to dispense of the vote because no one is running against them and to just appoint them.
 4. Debate
 5. Voting
 - a) The order is passed.
- B. [SS 2324-02: A Resolution to Fix the Baumer Hall Sign](#)
1. Hunter Brook motions to move SS 2324-02 from New Business to General Orders.
 2. The motion is approved.
 3. Questioning
 - a) Joseph Tunney: Which sign is it specifically?
 - b) Hunter Brooke: As far as I'm aware, the signs on campus don't have a name. However, we are referencing the sign near the Morris Inn with dorm names on it, but it doesn't have Baumer.
 - c) Thomas Kluck: Basically, this sign has dorm names, like Welsh, Keough, and Duncan. But, the sign is where residents pass every day and it is said around the dorm how we just aren't included. Some hall president campaigns have actually run on a "Build the

sign” platform. As a new hall, we don’t get a ton of recognition. Since this is a sign we all pass everyday, we want to see it fixed. So, when Hunter came to Baumer and asked what the student union could do better, we told him and he worked to fix it. We appreciate that.

4. Debate

- a) Hunter Brooke: I am very thankful to people listed within, Anthony and Julia, who I have worked with in the past. They are very responsive and strong with working on this issue. I am excited to hopefully go back and tell the residents of Baumer that it will be fixed hopefully by the start of next year.
- b) Thomas Kluck: It is an easy fix. A symbolic fix. We want the recognition that all dorms deserve. Hunter has done his homework, and we appreciate all of the work. This is a small little fix that could do some good.

5. Voting

- a) The order is passed.

VII. New Business

- A. Hunter Brooke: Can I ask for a point of order? Did we forget to approve the minutes?
- B. Aidan Rezner: Yes, my apologies.
- C. The minutes are approved.

VIII. Announcements

- A. Hunter Brooke: Carroll Lakeside Music Festival is this weekend from 4-7. It will be on the Carroll far quad. It will be very amazing. Actually, ignore that. Never mind.
 - B. Aidan Rezner: Ignore that until it has been approved.
 - C. Lily Condodina: It is SUB's 2kTostal week. We have lots of events around campus. There is a petting zoo until 6 today. All of the events were coordinated with 2kTostal. For more information because there are so many events, check the SUB Instagram.
 - D. Thomas Kluck: Baumer is selling a "Fr. Pete Almost Sunday shirt". We were selling it last Friday, hopefully you saw them around. We will be in Duncan this Friday from 11 to 5 pm.
 - E. Jayden Espinoza: Is that the last day?
 - F. Thomas Kluck: I assume because we did it last Friday, too.
 - G. Collette Doyle: I have one last push for Denim Day. It is a super important form of awareness against destructive attitudes towards sexual violence. Please repost our graphic from Instagram and spread awareness so we can see denim all across campus.
 - H. Daniel Jung: ND Day is in 6 days. It is a great opportunity to try to fundraise for clubs, dorms, and all other organizations you are in. It is a huge day. Keep that in mind. It should be a good day.
- IX. Adjournment
- A. The meeting is adjourned.
