 1. Aidan Rezner: Just a reminder that everyone needs to be trained by the end of the year. I wanted to thank Hunter for finding the link and thanks to Peter and Bridget for sending it out as well. Please go if you haven't. You need to.
- V. General Orders
 - A. [SO2324-06: An Order to Amend Section IV of the Senate Bylaws](#)
 - B. Aidan Rezner: We have seen this on the agenda before and practiced it last week.
Now we are going to vote on it.
 1. Questioning
 - a) Sam Godinez: If the camera doesn't work, can we get out our phone and start recording?
 - b) Aidan Rezner: What do you mean?

- c) Sam Godinez: If the camera in Mendoza doesn't work, like there is a tech issue, can we use a phone?
- d) Hunter Brooke: I don't see that happening, but we will cross that road when we get there.
- e) Aidan Rezner: I don't see that being an issue, especially because professors record most classes. If there was an issue, OIT would likely address it.

2. Debate

- a) James Bradley: I argue that it needs to be asked that the only issue I can think of is if we are recording sessions that include nomination of things for various posts, would it not be problematic for the nominee to have access to moments when they leave the room? A question worth asking is if we could pause recording during those times. It helps to have discretion and privacy to speak freely when they leave. It does not seem beneficial to Senate or nominees to have access to what they say when they leave the room.
- b) Hunter Brooke: As a reminder, as things stand, minutes are still taken when nominees are debated and those minutes are shared. There are provisions in the amendment that allow the recording to be paused by a motion of a voting member of Senate.
- c) Andrew Ryan: I know meetings were previously recorded. Why were they not recorded last term?

- d) Aidan Rezner: I don't know.
- e) Hunter Brooke: I am not positive, but my understanding is that meetings were initially recorded because of COVID and it was not practiced last term because the administration thought COVID was not as pressing of an issue and recording was not necessary.
- f) Amelia Forrest: Questions we should consider is if there is really a difference between recording the meeting and posting it publically as opposed to the minutes that are already posted.
- g) Aidan Rezner: That is something to consider when we vote.
- h) Sam Godinez: I am supporting this order because if we publish it on YouTube, and the goal of the student government is to make it more transparent, then it is a great way to know the what happens in Senate and the issues being debated. It is also a great way to share with family and friends when you are bringing about an order. Something to consider.
- i) James Bradley: Reservations are questions about the necessity for it. Is it revealing things? But, it is the same thing as C SPAN. No one watches C SPAN. It is good for transparency and doesn't have a downside.

3. Voting

- a) The order is passed.
