As a freshman in Student Government, AnnahMarie participated in FUEL and across several departments, including University Policy, Health and Well-being, and Student Empowerment where she dedicated a large portion of time during her first year to furthering the interests of the Student Union on multiple fronts. She cherishes that Student Government gives her a way to directly create positive change for and leave a lasting impact on the student body as a whole.

As a Co-Director of FUEL, AnnahMarie will faithfully execute the duties of her office, which consists primarily of leading the Student Government's FUEL (First Year Undergraduate Experience in Leadership) cohort– a job essential to the health of the Executive Department.

AnnahMarie has an incredible level of dedication to the Student Union. She served in multiple departments last year, lending her impressive intelligence and quiet strength to the betterment of the student experience. After a year in FUEL, AnnahMarie is ready to take the solid foundation she experienced and improve upon that foundation with unique ideas of her own. We are all inspired by AnnahMarie's determination, work ethic, and welcoming personality., and we look forward to seeing what AnnahMarie can accomplish this year.

Thank you for your time and consideration.
