RE: SO2324-28: An Order to Amend Article XVI of the Constitution

The Committee on the Constitution has concluded its review of SO2324-28, an order to amend article XVI of the Constitution, and is prepared to present its findings and relevant recommendations to the Student Senate.

After brief discussion and a cursory examination of facts, the Committee was able to conclusively determine that SO2324-28 does not substantively change the operating processes of the Student Union, nor the intention expressed by the Constitution. Rather, this order serves to correct a technical wording mistake.

SO2324-28 Committee Recommendation: the Committee has unanimously decided to recommend SO2324-28 be approved by the Student Senate.

Respectfully submitted,

Hunter Brooke

Student Union Parliamentarian

Chair, Committee on the Constitution

Madison Denchfield

Deputy Student Union Parliamentarian
